TERRIBLE TOLL OF LIFE AND SHIPS IN STORM WHICH HAS SWEEPED OVER THE GREAT LAKES

Eleven Steamships Caught In Grip of Past Three Days' Gales Have Been Smashed Ashore, Sunk or Capsized—Huge Derelict Has Been Found Floating On Lake Superior With No Trace of Her Crew.

Storm Toll on the Great Lakes

Steamer *Huron*, ashore in White Fish Bay. Unknown steel freighter, floating captured in Lake Huron. Mutual Line steamer *Audan*, aground in Thunder Bay. James E. Davidson, sunk off Grosport Point. H. H. Hancock, ashore at mouth of the Clair River. Two steamers reported ashore of Isle Royale and Copper Harbor. L. C. Waldo, wrecked near Big Lake, Lake Superior.

Twelve steamships, plying on the Great Lakes caught in the grip of the terrific gales which have swept the lakes for the last three days, have been smashed, ashore, sunk, or capsized. This is the known toll of the big storm which may be swollen as the coming days fall bring to port others of the many ships which are still missing. The loss of the entire crew of a ship will probably be brought to light when the identity of a six hundred foot steel freighter, which is floating up in Lake Huron, is ascertained. This huge derelict has been sighted by several vessels, none of which were able to solve her identity. It is reported that her crew probably abandoned her in the storm, but it is feared that small life boats, such as a freighter of this type would carry, could not weather the gale which east shore. The freighters of the day, a boat of this size would carry a crew of thirty men at the least, probably more, and many, if not all, of these may have perished.

Overturned Ship Seen.
By Bulletin Leased Wire.
PORT HURON, Mich., Nov. 10.—A large steel freighter, overturned, was found floating in Lake Huron late today about eight miles northeast of Port Huron. Capt. Reid, of the wrecked crew, which he says he arrived here tonight and said her name had not been learned when he left the scene.

It is believed that she was abandoned during the gale which swept the lake yesterday. Capt. Reid said a heavy sea was running when he saw the wreck and there was no distinguishing mark to identify her. There is a number of large steel boats similar in appearance to the derelict plying the lake. The wrecking company had not been notified that any boat which had not been located had been abandoned. Marine men think the boat may be an ore-carrier which came ashore in the storm and shifted her cargo. Capt. Reid returned to the wreck of the derelict with a wrecking tug tonight. He did not know whether it would be possible to tow the vessel to the local harbor.

PORT WILLIAM, Nov. 10.—Of the wrecked vessels the crew of the *Tombstone* life freighter *Jack* was found ashore. Grounded at Point, is still aground, while the decks are awash to the neck. An unknown vessel of the Gulf Rock, off Manitowish, is still in great peril with a crew of 25 men. Life savers leave Eagle Harbor tomorrow to attempt a rescue.

The Northern Navigation Co. steamship *Huron*, which went ashore in White Fish Bay, is believed to be no danger, having grounded on a sandy bottom. She was returned to the head of the lake and had been marked for her crew.

TWO LIBERALS ARE ELECTED IN QUEBEC

St. John's and Huntington County Back Support Given Government

By Bulletin Leased Wire.
THREE, Nov. 10.—St. John's county and Huntington county, Quebec, in opposition today both re-elected Liberal candidates in the federal election. In the first round, it was an independent Liberal, who defeated the Conservative. In the second round, the Liberal received 62 votes and the Conservative, 124 votes over Howard, the government nominee, whose total to defeat in a four cornered contest, in which three of the candidates were Liberal and one Independent.

In Huntington, Phillips, Liberal, had a majority of 288 with one poll shot. In St. John's, over 700 Liberal votes were secured. In St. John's, the Liberal received 62 votes and the Conservative, 124 votes over Howard, the government nominee, whose total to defeat in a four cornered contest, in which three of the candidates were Liberal and one Independent.

SALT SEE MARIE, Nov. 10.—Down bound boats arriving daily report the heaviest storm over the lakes. Weather conditions have not been so bad for many years. The high northwest wind is still sweeping down Lake Superior and the heavy rain has been falling for many days. The boats are being driven to the south and it is probable she may be left on the beach.

CITY COUNCIL OFFER BEST ONE

Other Offers From the Cattle Fyde People and Campbell Chamberlain Syndicate

ALTERNATIVE PROPOSAL WILL ALSO GO TO PEOPLE

Lengthy Discussion Before Decision Reached At Meeting Yesterday Afternoon

By a vote of five to three, the city council yesterday afternoon adopted the offer of the Pelican Oil and Gas Co. to deliver gas to the city at fifteen cents a thousand feet, and to hold the same here within two years time, the best offer now before the city. Following this decision, the public works committee, and the city commissioners and any expert advice they may need, were instructed to put the agreement in proper shape to be submitted to the ratepayers for ratification.

There will be an alternative proposal submitted as well. The ratepayers will be asked to vote in favor of the city spending some sum, stated by the Pelican Oil and Gas Co. at \$100,000, in exploring for gas in the Vegreville or other fields, or to vote in favor of the agreement to buy gas from the Pelican company at the city limit, or to vote against both of these proposals.

Of course, a good deal of time will have to pass before the proposal finally reaches the people, as the committee will have to get the agreement in proper shape, and report to the council; then the council will have to approve the final agreement, and the form of the vote and then at the advertising has to be done.

At the meeting yesterday afternoon, the council considered the three offers before the city—the Pelican, the Campbell offer, and that from the Campbell-Chamberlain syndicate—discussed the experts' report and heard from the Pelican company at the city limit, or to vote against both of these proposals.

NOTHING IN IT SAYS DEPUTY MINISTER

"There is absolutely no truth in the statement," says the Western Union Telegraph being in negotiation with the federal government for telephone department, to operate telegraph lines in Alberta in conjunction with the Western Union Telegraph Co., says the deputy minister of railways.

"The story apparently originated in Lethbridge," where the Western Union Telegraph has an office, and it is stated that the Western Union Telegraph Co. is not in a position to extend its lines to Alberta.

WINNIPEG GRAIN MARKETS.

By Bulletin Leased Wire. WINNIPEG, Nov. 10.—The wheat market opened strong on the higher Liverpool cables, but was quiet on the local market, owing to the continued drought. Trading to some extent was hampered owing to wire troubles in the West.

Winnipeg opened 2-5 cent higher and closed 1-4 cent higher.

Manitoba opened 1-2 higher and closed 5-8 cent higher.

Cash and barley were in active demand while for flax the inquiry was only fair. Cash oats closed 3-5 higher on all grades with options were 1-2 to 1-4 higher. Cash flax closed unchanged and the option 1-4 higher to 1-4 lower. Cash barley closed 1-4 to 2-4 cent higher and barley closed 1-4 to 2-4 cent higher, being quoted on the option, the close being 3-4 for the option and 1-4 for December.

Deliveries through the clearing houses were very heavy. Wheat 52,500 bushels, oats 51,000 bushels, flax 5,000 bushels.

Inspection for the day Saturday and Sunday numbered 2410 on against Monday 1232 cars.

WINNIPEG GRAIN MARKETS.

Winnipeg, Nov. 10.—On higher cables and Winnipeg market opened at an advance and the market was firm throughout the day.

Confirmation of the cable news from Argentina was the main feature of the day's trading. Prices were very heavy, but not changed.

There is a good cash demand for all lines and grades except No. 1, much of which is in the hands of speculators. Receipts were about average, being 1,535 cars in and 2,403 inspected.

Manitoba, 615 cars; Duluth, 1,067 cars and Chicago, 25 cars.

Cables closed, Liverpool, 7-10 to 1-10; Paris, 1-10 to 1-10; London, 1-10 to 1-10.

nection with the Wesley society will

According to a statement issued by
the superintendent of the City Mission
this morning, that institution is serv-
ing from sixty to seventy five meals every
day to men out of employment. The
men are from all over the northern
part of the province and are waiting
for work. The superintendent has
asked that anyone wishing to employ
labor should communicate with tele-
phone No. 4532, the City Mission
office.

Next Year's Construction Program.—
Secretary English, of the commis-
sioners, Cost Engineer Bowness and
Superintendent of Local Improve-
ments Barnes have been instructed by
the mayor and commissioners to
act as a board in preparing the pro-
gram of construction for next year.
The work to be undertaken in 1914
will probably be no great as the work
planned for this year.

Automobile Ran Away.—When
Superintendent Woodford of the
street railway department, left his
automobile in front of his residence
on Twelfth street, at supper time last
Saturday evening, he met temptation
in the path of several youngsters
playing on the street. The boys
decided to follow with the machine, with
the result that the auto started away
at a gallop. It broke through a low
fence across the street and struck a
citizen's front lawn. Outside of
the damage to the fence, little injury
was done.

IN THE POLICE COURT.—
Anthony Price was sentenced to three
months with labor for having been
convicted for stealing \$42 from a truck
belonging to James
Forrester, who was staying in a board-
ing house on Jasper avenue. The same
man was also sentenced to the same
term of one month for stealing a suit
of clothes.

George Graham, who stole a fur-
nished coat on Saturday night from a
first store on First street, was sen-
tenced to one month's imprisonment.
Margie Coleman, who pleaded guilty
to a charge of keeping a lewd house
was sentenced to two months
without the option of a fine.

KILLED ON GLEB GRADE.—
Chief Carpenter registered a wire
this morning from Seattle, B.C., to

of the accident can be ascertained,
and the police cannot find out where
the deceased lived.

CHURCH NOTICES.—
At a special meeting of the board
of managers of the United Lutheran
Church yesterday, it was decided that
owing to the increasing business of the
secretaryship, extra assistance be
granted that office, and accordingly
it is announced that Arthur H. Watt,
secretary, and Malcolm Libby, assist-
ant.

The address of Prof. W. H. Alex-
ander, of the University of Alberta,
yesterday morning, on "Some Concep-
tions of God," was an appeal to con-
sider deity in broader relations than
that of mere personality. Next Sun-
day W. H. Turner of Spokane, Wash.,
will speak on the "Evolution of the
Social Conscience."

FRENCH CONVERSATION CLASS.—
A French conversation class will be
formed at the Y.M.C.A. on Tuesday
evening at eight o'clock. Arrange-
ments have been made for the first
twenty-four lessons against twenty
last year, at the same price. Profes-
sor H. de Beauvoir, who is teaching at the
Alberta College, where he is very
highly recommended, has been se-
lected as teacher. The purpose of this
class is to enable French conversation
for business and the many other needs
which arise in practical affairs of
every day life. It is a great oppor-
tunity for young men who wish to in-
crease their efficiency and usefulness,
and the long winter evenings will give
time which is needed. This class
will meet on Tuesday and on Friday.

CHRIST CHURCH ANNIVERSARY.—
The fourth anniversary of the open-
ing of Christ Church, on the corner
of 16th street and Alberta avenue,
will be celebrated next Sun-
day by special sermons and special
music. Though Christ Church is but
four years old, it is strong and
vigorous. Its membership has grown
from the first adopted a progressive policy
and are more determined than ever to
seek forward the work of the church
in the western portion of the city.
It will not be long before a new church
building must be erected, and as this
will involve a considerable outlay an
effort is being made at the anniversary
service, next Sunday, to procure con-
tributions amounting to \$25,000 in order
to reduce the present debt and to pre-
pare for the carrying forward of the
policy of expansion and extension.

W. E. WILSON SHOT HIMSELF THROUGH HEART WITH A RIFLE

Well-Known Bookkeeper Either Committed Suicide or Accidentally Shot Himself

NO POSSIBLE CAUSE CAN BE ASSIGNED FOR SUICIDE

Wife, Who Is Distracted, States Husband Was in Good Spirits This Morning

(From Evening Edition)

William Edmund Wilson, aged 41, of 30 Cameron street, a bookkeeper in H. Milne's plumbing establishment, Clara street, is thought to have committed suicide yesterday shortly after eight o'clock by shooting himself through the heart. No cause can be ascribed for the supposed rash act, or reports that a. was in financial difficulties, and that he has been running heavily circulated shortly after the occurrence was made known, were strenuously denied by his wife yesterday. She stated that he was never in poor spirits than he had been in the last two or three days. On Sunday last, he went with her to the Westminster Presbyterian church where he was a member and an active worker. In the morning he went to bed about seven o'clock, and a few minutes with the children. He then went to the bathroom, and a few seconds later a shot was heard. Mrs. Wilson, who rushed to the bathroom, but could not open the door more than a few inches owing to the fact that the deceased had fallen behind it. She opened it in vain, and then she fell back in a faint. The eldest child, a boy aged fifteen, rushed to the next door and shouted for Dr. Milne. When the medical man arrived off the hinges before he could get into the house. Life was extinct in the entrance was effected. Mrs. Wilson is almost distracted over the tragedy. She still clings to the belief that the shooting was an accident, for she states the 22 calibre rifle from which the shot was fired was always kept in the bathroom. Wilson was very well-known in the city, having lived here for ten years. Several of his relations now reside. He has four children, the eldest being fifteen years of age. For some years he was a bookkeeper in the Bonanza hardware store, and when that store was removed to their present site, he was one of three who established the Northern Hardware Co. He had been a member of the Presbyterian church ever since he came to the city, and it was very seldom that he missed a service there.

The body was taken to the undertaking parlors of Connolly and McKinley, where an inquest will probably be held.

W. B. MCKINLEY SHOT WHILE OUT HUNTING

Friend, Deceived by Movement in Bushes, Shoots Mr. McKinley in the Legs

(From Evening Edition)

Seeing a movement in the bushes, which he mistook for the stirring of game, the friend of W. B. McKinley, of Spruce Grove, while out shooting yesterday, emptied his shot gun into Mr. McKinley's legs. The latter was badly hurt and was brought into the city to the General Hospital. It appears that Mr. McKinley, the friend of the trigger and only discovered his mistake when Mr. McKinley called out that he had been shot. Much alarmed, the friend at once went to Mr. McKinley's aid and quickly summoned help. Fortunately, the shot was aimed low, otherwise, the consequences might have been fatal, as the shot was fired at close range.

REWARD OF \$1,000 FOR INFORMATION OF FERDINAND HOLZER

Man Employed on Railway Construction in Edmonton District Held to \$100,000

MOUNTED POLICE ARE ASKED TO LOCATE HIM

Death of Holzer's Father at Aberdeen, S.D., Leaves Him With Fortune

(From Evening Edition)

To be working on a construction gang, earning about \$25 a day, and to be worth almost \$100,000 and not know it. Such is believed to be what Ferdinand Holzer, of Aberdeen, South Dakota, is doing at the present time. The solicitors acting for the estates of Holzer's father believe that Holzer is working on a construction gang near Edmonton. Their client is worth almost \$100,000, and they cannot find him. Yesterday the R. C. W. M. P. were asked to try to locate him. He is about 45 years of age, weighs 145 lbs., has a dark complexion, wearing dark eyes, slightly stooping shoulders, and has a peculiar hitch in his walk. He is described as being fond of card playing, and he left Minnesota about eight years ago for the Northwest. Some little time since a letter was received from him bearing an Edmonton postmark, in which he stated he was going on a construction gang. Anyone sending information of his whereabouts to R. C. W. M. P. at Aberdeen, S.D., will get a reward of \$1,000.

M'INTOSH, CAMPBELL AND SMITH TO RUN

Three Members of the Board of Trade Ticket Announce Candidature as Aldermen

(From Evening Edition)

J. R. McIntosh, R. H. Smith and A. R. Campbell, three members of the board of trade and business men of the city, have decided to offer themselves as candidates. R. H. Douglas, of the south side, the fourth name on the ticket, has not consented to allow his name to stand.

Mr. McIntosh, in announcing his candidature, has issued the following letter to the ratifiers and to the members of the board of trade and other acquainted best businessmen of this city to offer myself as a candidate for aldermanic honors at the forthcoming civic election, I have consented to do so.

I have been a resident of Edmonton since 1902 and believe that I should be able to do good work as a member of the city council. If you, the electors, choose to elect me, I will most assuredly appreciate your confidence and support. Should I be elected, I have only one promise to make, and that is, that I will endeavor to serve the city and its people to the best of my ability.

"That a plebiscite should be taken before the next session of the Legislature to obtain the views of the electors on the question of municipal government by elective commission, meets with my approval—Yours respectfully, "J. R. MCINTOSH."

Douglas be appointed under the city council as head of a co-ordinating department.
